

POLICY. ADULT REFEREES AND VOLUNTEER HOURS

Qualified (USSF Grade 8 or better) adult referees (18 years and older) may count certain games officiated as league-approved volunteer hours in addition to receiving normal game fees.

PROCEDURE

Each league or cup game officiated by an individual may count as one (1) hour of volunteer work toward the six (6), eight (8) or twelve (12) hours of volunteer work required for a given family. Benicia tournament games and U6/7/8 recreational games do not count for purposes of this policy, but they may apply toward other volunteer work.

Referees will be paid normal rates based on age and skill level for each game. Referees must indicate their intention to use games as volunteer hours prior to the start of the current season and must have prior approval by the Referee Coordinator to do so.

The Referee Coordinator and Referee Assignors will make every attempt to assign appropriate games to referees but cannot guarantee any specific number of assignments.
